

GEO-LIS-5000-SS-SGP Series "Occupied" LED Illuminated Sign:

PRODUCT DESCRIPTION:

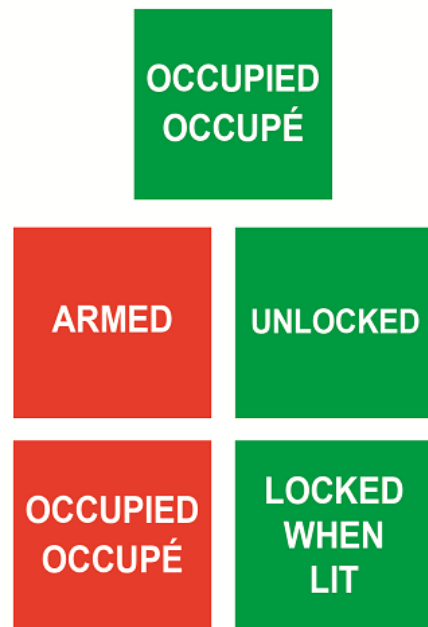

Suited for annunciating that a room (i.e. bathroom, washroom etc.) is being used, without having to check the door knob, GEO-LIS-5000-SS-SGP Series "Occupied" LED Illuminated Signs offer a piece of mind to anyone using the toilet, especially washrooms dedicated to the handicapped. These signs can also serve as warning that someone is in need of assistance, depending on what label is used.

PRODUCT FEATURES:

- LED illuminated single gang stainless steel plate
- 12 VDC or 24 VDC
- Each plate comes with 6 labels (custom labels available)
- The text is only visible, when sign is energized and label is lit.
